## Product highlights

### Philips vacuum bulb

*A miniature bulb in which, instead of a gas, a vacuum is used to increase the light output.*

### Pre-focused beam

*Thanks to a pre-shaped lens and/or reflector the beam provides the most optimal light output and focus.*

### Anti-roll bar

*A special shape in the housing of the lamp makes sure it will not roll away on a sloping surface and thus keeps your flashlight always close at hand.*

### 2x PowerLife AAA included

*The Philips batteries that are advised for the product are enclosed in the packaging to make immediate use possible.*
